## MADE VISIT TO PLANTERS STATION

BOARD OF AGRICULTURE AND FORESTRY AND THE GOVERNOR INSPECT ITS WORK.

After yesterday's meeting of the Board of Agriculture and Forestry in connection with the Kaupapa forest reservation the members accompanied by Governor Carter proceeded to visit the different branches of the Government nursery and also the Planters' experimental station.

At the latter place the new work that is being done in connection with the testing of different varieties of imported sugar canes was thoroughly inspected. The botanists there are experimenting with hundreds of different varieties of seedlings from different parts of the world. These are treated under all conditions and a process of elimination is employed for the purpose of selecting the richest varieties. The work is naturally slow but in a short time the results will be made known and the work so far is full of promise. In its entomological staff too the station is singularly fortunate and it is doubtful if the whole world could produce a more efficient collection of pest foes than those at work in Honolulu. The station in all its details will be the most thoroughly equipped in the world when the present work there is concluded.

### UTOPIA.

Seidum Field—Say, Soiled, what's your idea of de kind of a place Utopia was? Soiled Spooner—Aw, an island of rye-bread entirely surrounded by beer, I reckon.—Puck.

### CHEAP LOVE LETTER.

One of the love letters which the poet Keats wrote to Fanny Brawne sold for \$210 at a recent auction at New York. Some love letters have cost far more than this.

"Is your husband up yet?" inquired the early morning caller. "I guess he is," replied the stern-looking woman. "I'd like to say a few words to him." "So would I, he hasn't come home yet."—Catholic Standard and Times.
